

Nguyen Manh Cuong

Software Engineer

 (+84) 888264006  ngcuong0812@gmail.com  <https://killian0812.github.io/my-profile>  Hà Nội

OBJECTIVE

Software Engineer with 2 years of experience in full-stack and cross-platform development. Skilled in Flutter, React, Node.js, and Spring Boot, with practical experience in Docker, AWS, and GCP. Strong knowledge in Data Structures and Algorithms, and passionate about AI technologies.

EDUCATION

Hanoi University of Science and Technology 2021 - 2024

Bachelor of Computer Engineering

GPA: 3.25/4

WORK EXPERIENCE

MMenu Co., Ltd Jul 2024 - Present

Software Engineer - Full-time

- Developed and maintained multiple F&B technology products including POS, HRM, CDP, and CMS systems.
- Built and optimized cross-platform applications using Flutter, integrating peripherals such as printers, RFID, scanners, and cameras.
- Integrated third-party APIs for payment gateways, reservation systems, and other business services using Node.js.
- Managed Google Play Store releases, internal testing, and production rollouts.
- Designed and improved CI/CD workflows for automated app builds and releases including code generation, protobuf.

NAVIS Centre - SoICT Feb 2024 - May 2024

Lab Member | Intern - Part-time

- Worked on the Android module for front-door face recognition and anti-spoofing.
- Built the backend and a mobile app to manage entry history logs, remote door control, alerts, and real-time video streaming.

Programming Tutor - Gia Sư Việt Aug 2023 - Nov 2023

C++ Tutor - Part-time

- Tutored university students in C++ programming, focusing on problem-solving, algorithmic thinking, and clean coding practices.
- Designed programming problems and tests to support learning and assessment.

SKILLS

Programming Flutter, NodeJS, React, React Native, Java, C++

Database MongoDB, PostgreSQL, Redis

Cloud Firebase, GCP, AWS, Docker.

AWARD & CERTIFICATION

Third Prize - Vietnam National Olympiad in Informatics (VOI) 2020

Silver Medal - Informatics Olympiad, High School for Gifted Students, VNU (HUS) 2020

Data Manipulation - DataCamp 2022
